Snow Day Procedure

- Whenever your school district has a snow day all practices that are still being held will be optional.
- When your practice time is scheduled for Oberlin College I will still be at the practice to work with any divers who wish to practice. ***Please make sure you have your parents approval to come into practice.*** If Oberlin College is closed I will contact all divers.
- All practices scheduled at Middleburg Hts. Junior High will be canceled when the Berea City School District closes its schools. If your school closes and Berea is open, I will be there for divers who wish to practice. ***Please make sure you have your parents approval to come into practice.***
- If you have any questions please email or call me at the information listed above.
